Can You Solve the Riddle?

"The publishers and author could not be perfect if safe in offering a large reward for successful forecasting of the only *Spokane Review*, Spokane, Wash. The underlying mystery long eludes the sharpest and best guess."—*Boston Advertiser*.

"A Mystery Story Into Which a Soul Has Been Infused"

THE SUMMIT HOUSE MYSTERY

By DOUGLASS

"One of the best novels of this or any other year," says the *Boston Times*.

FOURTH EDITION READY

This powerful and intensely absorbing story meets with such immediate and such a high reputation as to require only a few days after publication, the second edition with a week after the first, and the third and fourth to be ready for delivery from the press. The fourth edition is now ready.

Montville Courier Journal: "A mystery is always an alluring thing, but it is seldom that one is clothed in a real literary dress and kept tantalizingly unsolvable until the end of the book is a shining mystery."

San Francisco: "Possibilities are opened by this story of blending forms of fiction kept apart heretofore. Imagine Sir Conan Doyle trying to infuse a strain of George Eliot into his tales, or Anthony Hope collaborating with Mr. Meredith."

The Buccaneers

A Story of Frenzied Business

and the Black Flag on the Highways of Trade

"A BREATHELESS KIND OF STORY"

"It is a breathless kind of story of modern business rivalry. We use the word breathless partly because of the magnitude and scope of the efforts made by one manufacturing concern against another and partly for the rapid fire love-making that goes on between the first and last pages. Moreover, it is breathless in the speed with which it carries the reader along from the first opening of the story to the last chapter. A capital story this in spite of its atmosphere of deceit and lies and business trickery."—*New York Press*.

"A MASTERPIECE"

"If you are interested in real life you will see that 'The Buccaneers' is highly interesting. It is more of a little masterpiece in the new field. The action moves with unexampled celerity—it is all action, big and small, and it is all in a body in a subway express car of electricity. And it is too—a dark story of secret service and intrigue."—*The Brooklyn Eagle*.
