PARKER'S PEOPLE'S BIBLE'S

By JOSEPH PARKER, D.D.
By JOSEPH PARKER, D.D.

THIS twenty-eight volume library, by one of the greatest preachers and theologians the world has ever known, is both guide and interpreter to the treasures of the entire Bible. It throws a clear light on the beauty and significance that are so frequently hidden behind the ambiguities of the text. It is so arranged as to meet the wants of the ordinary Bible reader as well as the requirements of students and ministers. In the ordinary sense it is not a Bible Commentary. Its scope is broader and less technical. Neither is it a series of sermons. It is essentially a guide to Biblical wisdom. As a distinctly pastoral exposition it furnishes a careful and thorough analysis and application of the spiritual meaning of the scriptures. It is a work as valuable for the home circle as for the library or study. Exhaustive special indexes in each volume and a complete Index volume make the contents easily accessible.

PRESBYTERIAN
It might be almost called a pictorial Bible, each chapter is so masterfully illustrated by vivid verbal pictures, professed by illustrations, literary and ornamental, the ornaments of the Scriptures. —*New York Observer.*

EPISCOPAL
Dr. Parker's work in these volumes is full of concentrated wisdom, the very essence of intelligence, philosophy, wit, and common sense. No student of human nature can fail to find a thousand depths of noble sentiments, dignified in its scope, which he can give his approval, and from which he may quote a chapter of spiritual text of him. —*The Episcopal Recorder, Philadelphia.*

CONGREGATIONAL
Newly translated for our time, it is a light in every season of the work. The Congregationalist, Boston.

202,000 Volumes Sold in America!

The great popularity of this work is attested by the immense sale which it has had in the United States and Great Britain. American alone have already sold 202,000 volumes. These have gone to members of all the important denominations and have formed a permanent possession in the libraries of churches, schools, and private homes. The entire press, religious and secular, has indorsed it in hundreds of laudatory and trustworthy commendations.

A Lively Translation of the Scriptures' Divine Messages

Its aim is to afford such rendering of the divine word as will meet the human need, give joy to all who read it, and satisfy all who hear it. The author says, the Bible is a book which no man can read without being inspired by its power and beauty, and that the only way to make it a book of life is to make it a book of the day. Thus this work which is so simple and so easy to read is so full of a work of a book, but a work which is so simple and so easy to read.

No Creeds, Dogmas or Controversial Theories

The People's Bible is a book of old with the old dogmas and controversies of the various creeds, dogmas, or parties. It stands simply as a revelation of the Bible's own truth. It is a book which no man can read without being inspired by its power and beauty, and that the only way to make it a book of life is to make it a book of the day. Thus this work which is so simple and so easy to read is so full of a work of a book, but a work which is so simple and so easy to read.

In this brief description only a part of the greatness of the work is shown. The full description of this work is in the book.
